Whistleblower Protection Policy Against Retaliation – Reporting and Responsibilities: A whistleblower as defined by this policy is an employee of HREC who reports any activity that he/she reasonably and in good faith considers to be illegal or dishonest to one or more of the parties specified in this Policy. It is the responsibility of every employee to immediately report**

suspected misconduct or dishonesty to their immediate supervisor or the Director of Finance. The employee must exercise sound judgment to avoid baseless allegations. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities. However, an employee who intentionally files a false report of wrongdoing will be subject to disciplinary action up to and including termination.

Any reprisal against any employee or other reporting individual because that individual, in good faith, reported a violation is strictly forbidden. HREC will not retaliate against a whistleblower. This includes, but is not limited to, protection retaliation in the form of an adverse employment action such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes he/she is being retaliated against must contact the Director of Finance immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

Due to the important yet sensitive nature of the suspected violations, effective professional follow-up is critical. Managers, while appropriately concerned about “getting to the bottom” of such issues, should not in any circumstances perform any investigative or other follow-up steps on their own. Concerned but uninformed managers represent one of the greatest threats to proper incident handling. All relevant matters, including suspected but unproved matters, should be referred immediately to appropriate management officials who are charged with follow-up responsibilities. The accused may be suspended with pay.

Employees with supervisory and review responsibilities at any level have additional deterrence and detection duties. If you have supervisory or review responsibility then in addition to reporting suspected violations as is required above, you have three additional responsibilities.

First, you must become aware of what can go wrong in your area of responsibility.

Second, you must put into place and maintain monitoring, review, and control procedures which will prevent acts of wrongdoing.

Third, you must put into place and maintain monitoring review, and control procedures which will detect acts of wrongdoing promptly should prevention efforts fail.

Authority to carry out these three additional responsibilities is often delegated to subordinates. However, accountability for their effectiveness cannot be delegated and will remain with supervisors and managers.

Assistance in effectively carrying out these responsibilities is available through the Director of Finance, the Executive Director, and through other sources.

The Administrative Department has the primary responsibility for all investigations involving HREC.

Properly designated members of the investigative team will have:

- Free and unrestricted access to all HREC records and premises, whether owned or rented;
- The authority to examine, copy and/or remove all or any portion of the contents of files, desks, cabinets, and other storage facilities (whether in electronic or other form) without the prior knowledge or consent of any individual who might use or have custody of any such items or facilities when it is within the scope of investigative or related follow-up procedures.

All investigations of alleged wrongdoing will be conducted in accordance with applicable laws and HREC procedures.

Care must be taken in the follow-up of suspected misconduct and dishonesty to avoid acting on incorrect or unsupported accusations, to avoid alerting suspected individuals that follow-up and investigation is underway, and to avoid making statements which could adversely affect HREC, an employee, or other parties.

Accordingly, the general procedures for follow-up and investigation of reported incidents are as follows:

1. Employees and others must immediately report all factual details as indicated above.
2. The Administrative Department has the responsibility for follow-up and, if appropriate, investigation of all reported incidents.
3. All records related to the reported incident will be retained wherever they reside.
4. Do not communicate with the suspected individuals about the matter under investigation.
5. In appropriate circumstances and at the appropriate time, the Director of Finance will notify the Executive Director of the program in which the employee works.
6. The Director of Finance may also obtain the advice of legal counsel at any time throughout the course of an investigation or other follow-up activity on any matter related to the report, investigation steps, proposed disciplinary action, or any anticipated litigation.

- 7. Neither the existence nor the results of investigations or other follow-up activity will be disclosed or discussed with anyone other than those persons who have a legitimate need to know in order to perform their duties and responsibilities effectively.**
- 8. All inquiries from an attorney or any other contacts from outside HREC, including those from law enforcement agencies or from the employee under investigation should be referred to the Director of Finance or the Executive Director.**

Investigative or other follow-up activity will be carried out without regard to the suspected individual's position or level, or relationship with HREC.

All questions or other clarifications of this policy and its related responsibilities should be addressed to the Director of Finance, who shall be responsible for the administration, revision, interpretation, and application of the policy. (Amended 9-18-08)

SECTION VIII – MAINTENANCE OF A DRUG-FREE WORKPLACE

- A. Policy: It is the policy of Highland Rim Economic Corporation to maintain a workplace that is free from the effects of drug and alcohol abuse.**
- 1. Employees are prohibited from the use, sale, dispensing, distribution, possession, or manufacture of illegal drugs and narcotics or alcoholic beverages on Highland Rim premises or work sites. Employees are also prohibited from the possession, use or sale of illegal drugs when such activities adversely affect job performance, job safety, or Highland Rim’s reputation in the community. In addition, employees are prohibited from the off-premises use of alcohol when such activities adversely affect job performance and/or job safety.**
 - 2. Highland Rim Economic Corporation will not hire, unless state or local law provides otherwise, alcoholics or drug abusers whose current use of such substances prevents them from performing their jobs or who would constitute a direct threat to the property or safety of others. An applicant who is being considered for employment must successfully pass drug testing as a condition of employment. The cost of the drug testing will be the responsibility of the applicant and must be paid at the time of testing to Workforce Essentials unless grant funds are available.**
 - 3. Employees will be subject to disciplinary action, up to and including termination, for violations of this policy. Such violations include, but are not limited to, possessing illegal or non-prescribed drugs and narcotics or alcoholic beverages at work; being under the influence of such substances while working; using them while working; or dispensing, distributing, or illegally manufacturing or selling them on Highland Rim premises and work sites. Employees, their possessions, and Highland Rim issued equipment and containers under their control are subject to search and surveillance at all times while on Highland Rim premises or while conducting Highland Rim business.**
 - 4. Employees may be required to take a test at any time to determine the presence of drugs, narcotics, or alcohol, unless such tests are prohibited by law. Testing positive for illegal drugs or alcohol is a violation of the policy.**
 - 5. Employees who are ticketed, arrested, etc. concerning a drug violation should immediately notify the Executive Director of the occurrence and should within five days submit written notification of the occurrence as any such activity could adversely affect the reputation of Highland Rim. As an absence from the workplace can also affect**

agency operations, the employee should notify the Executive Director of court dates in writing as soon as the dates are available.

6. **Employees subject to the Drug-Free Workplace Act who are convicted of any criminal drug violation occurring in the workplace must report such conviction in writing to the Executive Director within five days, and the Executive Director is then to take appropriate action as required by law.**
7. **Supervisors should report immediately to the Executive Director any action by an employee who demonstrates an unusual behavior pattern. The Executive Director will determine whether the employee should be examined by a physician or clinic and/or tested for drugs and alcohol. Employees believed to be under the influence of drugs, narcotics, or alcohol will be required to leave the premises. Highland Rim should make arrangements for safe transport.**
8. **Any employees who use legal drugs or narcotics during work and have any reason to expect such use may affect their ability to perform their work, must report this fact to the Executive Director. A determination will then be made as to whether the employee should be able to perform the essential functions of the job safely and properly.**
9. **Employees who are experiencing work-related or personal problems resulting from drug, narcotic, or alcohol abuse or dependency may request, or be required to seek counseling help at the employee's expense. Required counseling should be kept confidential and should not have any influence on performance evaluations. Job performance alone, not the fact that an employee seeks counseling, is to be the basis of all performance appraisals.**
10. **Any employee who is abusing drugs or alcohol may be granted a leave of absence to undertake rehabilitation treatment. The employee will not be permitted to return to work until certification is presented to the Executive Director that the employee is capable of performing his job. Failure to cooperate with an agreed-upon treatment plan may result in discipline, up to and including termination. Participation in a treatment program does not insulate an employee from the imposition of discipline for violations of this or other Highland Rim policies.**
11. **Highland Rim will, to the extent feasible, provide continuing awareness programs for the work force about the harmful effects of drug and alcohol abuse.**

- 12. The possession of firearms or illegal weapons on the person of an employee during working hours, or on Highland Rim property, or in vehicles owned or leased by Highland Rim, or in vehicles utilized by an employee in the scope of their employment during working hours will be considered cause for immediate dismissal.**
- B. Employer Notification: Highland Rim Economic Corporation will notify the Department of Health and Human Services, Tennessee Housing Development Agency, etc. within ten (10) days after receiving notice that an employee has been convicted of a drug offense. Within thirty (30) days, Highland Rim will take appropriate action as specified above.**
- C. Applicability: All Highland Rim Economic Corporation employees are required to abide by this policy as a condition of employment or continued employment.**

SECTION IX – HEAD START/CHILD CARE DISCIPLINE POLICY

- A. General:** This policy forbids the use of corporal punishment and total/extended isolation as disciplinary measures in Head Start/Child Care programs. Physical punishment and total isolation are not consistent with Head Start Performance Standards/Child Care Licensing Standards which establish goals of increased social competence, development of patterns and expectations of success for the child, and the enhancement of dignity and self-worth within the child.

- C. Staff Responsibility:** The use of corporal punishment or improper isolation of a child is grounds for dismissal.
- 1.** Each staff member will read this policy annually during pre-service training and sign a statement that the policy has been read and understood.
 - 2.** This statement will be maintained in the personnel file of Head Start/Child Care staff.

- 2. All staff members will report incidences of improper punishment to the Head Start Director/Child Care Director.**

 - 2. During the probationary period, employee performance will be evaluated orally by the supervisor each thirty (30) days with heavy emphasis on suggested improvement areas.**
 - 3. Each new employee will be evaluated in writing thirty (30) days prior to the end of the probationary period and a final recommendation as to continued employment will be made.**
 - 4. Employment may be terminated at any time during the probationary period if the quality of the employee's work is unsatisfactory and shows little or no potential for improvement.**

- 3. Once the evaluation has been completed, the supervisor will discuss the ratings with the employee and suggest any needed improvement areas.**

 - a. The employee will be given very specific guidance as to the deficiencies and the corrective actions required.**
 - b. The employee will be re-evaluated every thirty (30) days to determine if job performance has improved.**

The first time use of a new medication where behavior is altered in an adverse way does not constitute grounds for dismissal as this section is intended to deal with abuse..**
 - h. Betrayal of confidential information from Agency records.**
 - i. Use of corporal punishment, improper isolation, or release of a Head Start child to an unauthorized individual. (Amended 9-17-09)**

5. **Failure to authorize release of social security number to allow for computer based random number generator which is matched with employees' social security number for random drug and alcohol testing.**
 6. **The above is not all inclusive and shall in no way limit HREC from terminating an employee. Your employment relationship with HREC is voluntary, or an employment at will, for no definite period. It is terminable at any time with or without cause.**
- B. Termination Procedures: HREC employees shall be terminated from employment in accordance with the following procedures:**
1. **Substandard Performance: When an employee's job performance does not warrant continued employment:**
 - a. **The employee's supervisor will recommend in writing to the Executive Director and/or Head Start Director that the employee be terminated.**

 2. In determining seniority, an employee shall receive credit for all time served whether continuous or in segments not separated by as much as one year. If a break in service of a full year has occurred, seniority begins at the point of rehiring.
 3. An employee whose position has been abolished may step down into a like position provided he/she is qualified to perform the work and the position is occupied by an employee of lesser seniority.
 4. All employees terminated due to a reduction in force shall be placed on a retention roster as available for employment for a period of one (1) year and shall be given every consideration for reemployment in a position for which they are qualified.
